

Jamul Chaparros 4-H

Arts and Crafts Project

This project will focus on the various media within "arts and crafts". This project strives to encourage our members' creativity and encourages them to find art in ordinary things that are destined for the trash can!

This project is appropriate for all ages. I encourage creativity and while I try to guide the projects, I expect my members to add their individual flair.

All meetings will take place at my home, 4837 New Ranch Road, El Cajon, 92020.

While I try to keep my projects free, there may be time when reimbursement of materials is necessary. Fees will be no more than \$5 per meeting. I will provide most of the supplies. Additional supplies provided by you are indicated below.

Approximately six meetings will be offered this year all lasting approximately 1 hour in length. **SIX hours will be required for members to complete the project!**

*Due to the time constraints at the meetings, please anticipate spending additional time **AT HOME** on your fair projects. I will get your member started on projects for fairs, but additional time and attention at home will be required to finish them. I am of course always available to help you as we get closer....please just let me know what you need!

You must have all of your paperwork in and your 4-H fees paid in order to attend this first meeting. Please don't forget to get **EACH project leader your medical history with an original signature!

Questions? Please contact leader Wendy Teasdale at wendyerin17@gmail.com or 619-694-9063
